

## Legends Match, DPFC v Albanvale- Friday 26th April, 2013

All roads led to Albanvale on Friday night to witness the second clash between the Albanvale and Deer Park players of yesteryear. The game was played on a perfect balmy, windless night in front of a decent crowd. The Deer Park squad, expertly coached by coaching guru 'Big Kon' and mastermind 'Beast' roared away to an easy five goal win, despite some obvious 'evening up' techniques employed by the officials of the night.

The stars for Deer Park were again "Marty" Mantello (who still refuses to pass) and the recently-retired but still able 'Rocky'. JM and BD did their best to revive the spirit of '94, while JZ led the charge of the DPFC spirit and kicked the goal of the year with a one handed pick up off the ground. Other contributors were Knighta (who actually handballed a couple!), the old firm of Skippy, Settas, Lockie and Nary, the Baby Seal (Robbo) and heaps of others got involved and had a great night.

It's great to see that the past players and long time supporters of the club were still able to pull on the DPFC guernsey and have a run around in the good spirit of the game. I'm sure this memory will live long amongst the legends of our game and hopefully some of the new generation may learn a thing or two along the way!
